

## BATTLE AT MUKDEN IS EXPECTED SOON

Japanese Executing a Clever  
Flank Movement.

The Russians Reported To Intend to  
Make a Dash Out of Port  
Arthur.

WAS NO FIGHTING TODAY

St. Petersburg, Sept. 27.—Gen. Sakharoff sends the following dispatch, dated Monday: "The enemy's advance guard consisting of one battalion and two squadrons of cavalry, assumed offensive probably for reconnaissance in the district between the Mandchurian road and the heights of the village of Tounpou. The advance was stopped by our troops and the enemy retreated. All along the line they were pursued by our cavalry. The Japanese cavalry have appeared in the valley of the Liao river."

ALLEGED LACK OF DISCIPLINE.  
London, Sept. 27.—The Mail's Liao Yang correspondent says:

"The discovery in the abandoned Russian headquarters here of a number of documents and orders from Viceroy Alexieff cashiering officers for abandoning positions and for drunkenness, etc., and censuring officers for lawless treatment of Chinese, waste of ammunition and other offenses, proves an amazing lack of discipline in Kuropatkin's army."

TO BREAK OUT OF PORT ARTHUR.

St. Petersburg, Sept. 27.—The naval organ Kotlin today publishes an article predicting that Rear Admiral Wren will attempt to break out of Port Arthur with his ships and return to Europe. The paper admits the task of escaping from Togo appears to be hopeless if one takes for comparison Cervera's attempt to get away from Santiago, but adds that Wren's men, unlike the Spaniards, have plenty of war experience.

JAPS SHOW COURTESY.

St. Petersburg, Sept. 27.—A private letter from a person on board the Russian hospital ship Mongolia at Port Arthur, describing the fight following Witthoff's sortie, pays tribute to the courtesy and consideration shown by the Japanese. The Mongolia was twice cut off from the squadron, but the Japanese signalled her to steer to the left, which she did. Once the Mongolia was between two fires and frequently Japanese torpedo boats passed quite close to her but she was not attacked throughout the fight and returned safely to Port Arthur.

PORT ARTHUR'S COAL SUPPLY.

London, Sept. 27.—Telegraphing from Chefoo, the correspondent of the Mail says:

"Photographs received from Port Arthur which were taken as late as Sept. 14, show that piles of coal stacked on Tiger's Tail at the beginning of the war are still there."

MOST AWFUL IN HISTORY.

Honolulu, Sept. 27.—Melton Prior, the British newspaper correspondent who arrived here today on the Pacific mail steamer Mongolia from Yokohama says he feels absolutely certain the war in the far east will lead to European complications and to the most awful war in the world's history.

GETTING READY FOR WINTER.

St. Petersburg, Sept. 27.—The emperor left St. Petersburg for Odessa today to review the eighth army corps. The commissariat department has already prepared to furnish winter outfits for five hundred thousand men. About five hundred sets of fur caps, cloaks and boots are proceeding to the far east.

St. Petersburg, Sept. 27.—The reorganization of Russia's forces in the far east by the appointment of Gen. Gripenberg to command the second army, has been received with much satisfaction by the press. Even the Novoe Vremya, which has been urging the promotion of Gen. Kuropatkin to the rank of commander-in-chief, recognizes the impossibility of confiding the vast host now to be assembled to the commander of the forces actually in the field. Other papers warmly endorse the motives for the formation of the second army and the evident determination to prosecute the war with increased vigor. The Soviet, whose editor, M. Kamaroff, formerly was a colonel in the army, and

Washington, Sept. 27.—The department of justice this morning upon request of the state department, instructed the district attorney for Massachusetts to take the proper steps to set aside the judgment of Judge Phelps, at Lee, whereby Third Secretary Gurney, of the British legation was fined twenty-five dollars for contempt of court and sentenced for overspeeding his automobile.

New York, Sept. 27.—Judge Parker arrived today in New York for the third time since his nomination. This morning he spent the day in consultation with personal and political friends.

Indianapolis, Ind., September 27.—A telegram was received from Thomas Taggart, National Democratic Chairman, saying that he had arranged for W. J. Bryan to speak in Indiana from October 12 to 22, inclusive. The speaker's bureau of the state committee is arranging the Nebraska speaking dates.

## LADY CURZON

IS STILL IN A CRITICAL CON-  
DITION.

London, September 27.—This morning's bulletin on Lady Curzon's condition says: "Lady Curzon passed a fair night with little natural sleep. Her general strength has not declined. We cannot say she is out of danger."

GEORGE M'CUTCHEON MARRIES.

Chicago, September 27.—George Barr McCutcheon, the author, was married here last night to Mrs. Marie Van Antwerp Fay, of Highland Park, Ill.

therefore, peculiarly fitted to appreciate the significance of the new departure, says:

"Hitherto Gen. Kuropatkin has been chief of all the land forces in the far east. Although enjoying the fullest independence as a matter of fact he was appointed in the character of the viceroy's assistant. Nevertheless all the responsibility was his. Now he will share it with Gen. Gripenberg and both will be under the guidance of a commander-in-chief."

The name of Grand Duke Nicholas Nicolaevitch, inspector general of cavalry, early in the war, was on everybody's lips as likely to be made commander-in-chief, and it continues to be reported that he will be placed in command of the Russian forces in the far east, but no paper here ventures to publish the rumor pending an official announcement of his appointment.

NEWS OF BATTLE EXPECTED.

St. Petersburg, September 27.—News of a battle at Mukden is hourly expected. The Japanese are crossing the Taite river at the rate of a thousand men daily. Apparently a large force is now marching direct on Tieling Pass, north of Mukden, by the road from Tsian Shan, which passes a hundred miles east of Mukden. When this fresh turning movement is sufficiently advanced, a general movement against the Russian forces is anticipated.

PRAISE COMMISSARIAT.

St. Petersburg, September 27.—The Russian Invalid prints a telegram which it states was received from General Kuropatkin, praising the Russian commissariat department. The czar indorsed this praise, expressing satisfaction at the service rendered.

## A SERIOUS BLOW TO UNION LABOR

9,000 Men at Chicago Back to  
Work at Reduced Wages.

Pullman Company and International  
Harvester Works Reopen Their  
Big Shops.

WILL RECOGNIZE INDIVIDUALS

Chicago, Sept. 27.—Nine thousand men returned to work without union regulations of any sort yesterday when the three Chicago branches of the International Harvester works and the Pullman company reopened their shops after a shut down of two weeks.

The men not only returned to their former places as individuals, but also agreed to a reduction in pay from 10 to 20 per cent. Before the shutdown the International Harvester works recognized labor unions, but with the announcement of resumption of work came the statement that the company would not renew its agreement with the trades unions and that the plant would be operated on the basis of fifty-seven and a half hours a week, instead of 54, with no increase in wages. The men accepted the ultimatum without serious manifestation of discontent and all old employees who could obtain work accepted the new regulations.

The case of the employees of the Pullman company is different, inasmuch as the Pullman company has ignored trades unions since the strike in their plant in 1894. The Pullman company announced that it would reopen its shops, but at a wage reduction of from 10 to 20 per cent. Less than 2,000 workers were given on their former positions, but these men willingly accepted the decrease in pay and several thousand former employees left the yards of the company tonight bitterly disappointed because they could not return to work even at reduced wages. It is the intention of the Pullman company to have its plant in full operation by next Monday.

Chicago, Sept. 27.—Whether or not a strike will be called at the plants of the International Harvester Co., as a protest against the refusal of the company to enter into contracts with union labor will be discussed at a meeting of labor leaders late this afternoon.

## BODY FOUND

REMAINS OF JOE ROBERTS FOUND  
NEAR BIRD'S POINT.

Wickliffe, Ky., Sept. 27.—The body of Joe Roberts, who was drowned at Bird's Point Tuesday afternoon, was found about four miles above here on the Missouri side. The man finding the body had not heard of the accident, but tied it up and reported the find. The authorities believing the body to be that of Joe Roberts reported the find to his relatives in Fulton and M. L. McDade, an uncle of the deceased, came up and identified it positively. The body was then towed to Wickliffe behind a skiff, placed in a coffin at the boat landing and taken to Clinton, his home, for burial. Mr. Roberts was an electrician and at the time of his death was on his way to Blodgett, Mo., to install a light plant. He leaves a wife and two children, besides numerous other relatives and friends to mourn his untimely death.

ALL ABOARD SAVED.

Cheltenham, England, September 27.—A telegram from Cephalonia, Greece, announces the loss of the British torpedo boat destroyer, Chamoise. All aboard were saved.

## ASSASSINS SAFE IN SWITZERLAND

Murderers of Russian Minister  
Said to be Known

Is Alleged to Be Responsible  
For a Number of  
Murders.

THEY ARE SAFE AT PRESENT

St. Petersburg, Sept. 27.—While some of the features of the plot which culminated in the assassination of Von Plehve the minister of the interior, still baffle the police, the authorities profess to be now perfectly certain that the conspiracy was hatched in Geneva by half a dozen Russians, mostly Jews. The authorities know the names and addresses of the conspirators, but refuse to take legal action against them owing to the failure of the laws of Switzerland to interfere with political refugees, and therefore Russian terrorists are at liberty, from their haven in the Alps, to continue the work of assassination of Russian ministers so long as they are able to find emissaries willing to risk their lives, the organizers never venturing to carry out their own designs.

Six men who engineered the Von Plehve plot, according to the result of the Russian police investigation, are declared beyond the shadow of doubt to have organized the series of political crimes with the exception of the murder of Mr. Bobrikoff, the governor-general of Finland, which began with the assassination of M. Bogdanovitch, governor of Ufa, on May 19, 1903, and ended with the blowing up of Minister Von Plehve on July 28 of this year. Dezhnev, whose plot resulted in the assassination of the Minister of the Interior Sipiaquin on April 15, 1902, now turns out to have been only an emissary of these Geneva terrorists.

For the first time the fact is now revealed that M. Plehve's murder had been preceded by four attempts to encompass his death, which the department of political police frustrated in the nick of time by the arrest of would-be assassins, who were quietly imprisoned.

YOUNG LOUISVILLE  
WOMAN.

Louisville, Ky., September 27.—Mrs. William A. Hunter, daughter-in-law of Congressman W. Godfrey Hunter, died from diffused sarcoma, caused by a cancerous growth, due to the wearing of high-heeled shoes. This growth appeared about fourteen months ago and spread rapidly, necessitating the amputation of the right leg below the knee about a year ago. This heroic remedy proved of no avail, as the poison had affected the whole body. Mrs. Hunter gradually grew weaker, and death had been expected for some time. Mrs. Hunter was only 24 years of age, and was a social favorite.

Mrs. Hunter was known in Paducah, having visited her relative here, Mrs. J. J. Bornschein, now of Indianapolis.

## TWO COUNTRIES FAVOR CONFERENCE

Germany and England Indorse  
President Roosevelt's Idea.

Objection Probable From Russia,  
However, That She Is Now  
Engaged In War.

THE DATES ARE NOT FIXED

Berlin, Sept. 27.—President Roosevelt's announcement Saturday of his intention to call a second peace conference of the nations of the world, whose work should be supplemental to that of The Hague arbitration conference, attracts much attention here. The foreign office expresses itself generally as sympathetic toward the idea, if the president's propositions are confined to practical, tangible measures, without attempting anything like a general disarmament or an adjudication of difficulties which touch the sovereignty and honor of the states, as would be involved in any scheme of compulsory arbitration.

The foreign office emphasizes the fact that Germany regards The Hague arbitration court as an institution capable of further development along practical lines. Among the foreign embassies here it was learned by a representative of the Associated Press that the idea of the Russo-Japanese war would be considered inopportune by Russia, as questions now under controversy between Russia and several neutral powers would most likely come before it.

The necessity for a conference after the war, to define contraband and the extent to which neutrals may assist belligerents by the sales of ships and munitions, is fully recognized.

ENGLAND IS FAVORABLE.

London, Sept. 27.—The foreign office has received no official intimation from Washington of the intention of President Roosevelt to call a second peace conference at The Hague. It states that if such invitation is extended undoubtedly Great Britain will be represented. It is suggested, however, in official and diplomatic circles, that the moment for a peace conference is not opportune, in view of the war prevailing in the far east, and the unwillingness of the belligerents to bind themselves to any act which would restrict their operations. Officials and diplomats express the hope that the president, when he extends the invitation, will fix a date so that the meeting will take place after Japan and Russia have arranged for peace.

## SUIT AGAINST DEPEW

IS DISMISSED AT CHICAGO AND  
MR. PAYNE WILL NOT BE  
BOTHERED.

Chicago, September 27.—The suit brought some time ago by S. G. Bradbrook, against Senator Depew, of New York, and the Penny Publishing Company, for an alleged debt of \$300, was dismissed today in Justice Harley's court, on the grounds that Bradbrook had waited too long before filing the suit. The indebtedness was said to have been incurred in 1895. Postmaster General Payne was subpoenaed as a witness in this case while in Chicago last summer, but he ignored the summons.

## KILLED THEIR BABY.

BECAUSE IT MILITATED AGAINST  
WIFE SECURING EMPLOY-  
MENT.

Toronto, Ont., September 27.—Alex Martin, a soldier at Stanley barracks, and his wife, a waitress in a restaurant, are locked up on a charge of murdering their ten-months-old child. The body of the infant was found in Ash Bridges bay with its head crushed in. After her arrest the woman confessed that her husband had taken the babe out in a boat and killed it with an ax because it militated against her securing employment.

President Roosevelt will soon issue a call for the nations of the world to join in a second congress at The Hague for the promotion of arbitration.

## MARSHAL AT JOPPA SHOT HIMSELF

Deplorable Accident at Illinois  
Town.

He Was Fooling With a Shot Gun  
When It Was Accidentally  
Discharged.

THE BURIAL AT MOUND CITY

A lamentable accident occurred at Joppa, Ill. Jas. W. Johnson, formerly a prominent citizen of Mound City, accidentally shot and killed himself. Particulars are lacking, but it is said Mr. Johnson, who was town marshal of Joppa, had a gun—an ordinary shot gun—that would not rid itself of shells on being fired.

Mr. Johnson was working with the gun and endeavoring to put the shell extractor in working order. It appears that there was a loaded shell in the gun and by some inexplicable mishap the gun went off and the unfortunate man received the charge in his body. He died within a short time. Mrs. Johnson, who is a daughter of A. A. Austin, the well known builder of Mound City, left for Joppa. The body was taken to Mound City on the Henry Harley, and the funeral will occur at Beech Grove cemetery.

Deceased was for years the driver of a freight wagon between Mound City and Cairo and was well known in both localities. The widow, two daughters, Misses Ida and Arta, and two sons, Claude and Edward, survive the head of the family.

## HATCHET BRIGADE.

IS ORDERED BY AUNT CARRIE  
NATION TO REPORT FOR  
DUTY.

Topeka, Kan., September 27.—Carrie Nation has issued a long appeal to the mothers, wives and daughters of Kansas to join her in a crusade. In part, she says:

"I have frequent appeals from poor, heart-broken mothers all over to come and help them save their sons, but from no place have I had as many as from Wichita, Kan. Last week two agonizing appeals came to me that I cannot turn a deaf ear to, and I am now resolved to cancel my dates, and by the help of Almighty God, go to that awful city of death and murder. I now ask all women over the state and elsewhere to meet me on September 28, Wednesday of this week. Bring your hatchets with you. I will pay the railroad fare of those not able and see that you have a place provided for your stay while there. Now, this appeal is made to the gentle, loving, brave Christian women whose hearts are breaking with sympathy for the oppressed; those whose dear ones are being destroyed before their eyes."

I saw an advertisement of the Cuticura Remedies, and got the Soap, Ointment and Resolvent.

I have enclosed photograph of him when he was thirteen months old. He is now two years and four months, and has never had the slightest return of it. I am very grateful for the benefits derived from your remedies, and shall feel it a pleasure to make their value known. ## LEAGUE MEETING BROKE UP IN A ROW

Cairo and Hopkinsville Men Almost Come to Blows.

It Seems That One of the Factions Does Not Want to Settle the Disputes.

### REPORT OF THE MEETING

President Irvin Thompson, of the K. I. T. baseball league, Mr. W. H. Hancock, of Hopkinsville, and Alderman Gus G. Singleton, of the city, who went to Cairo yesterday to attend a meeting of the league called by Sec. M. J. Farnbaker, returned this morning at 7:45 having accomplished nothing towards awarding the pennant.

President Thompson stated that the representation could not agree relative to throwing out games and this was the source of the trouble. Alderman Singleton went down simply as an interested fan and of course took no part in the meeting. The president and Mr. Hancock claim that Sec. Farnbaker got up and left the meeting and adjournment was then in declared.

The Cairo Bulletin says of the meeting:

"After wrangling for several hours yesterday afternoon and last night over the muddle in regard to the K. I. T. league pennant the directors of the league adjourned last night without any agreement, and the matter is apparently no nearer settlement today than it was before the league season closed.

"The meeting was called by Secretary Farnbaker, was held in room 47 at the Holiday Hotel Sunday afternoon. Cairo and Vincennes being the only representatives. This minority, of course, could not transact any business, but in accordance with the constitution they agreed to adjourn from time to time until the rump meeting at Paducah should come to their senses and come to Cairo, the only legal place under the circumstances.

"The minority adjourned until 7:30 Sunday evening, meeting only for the purpose of adjourning until yesterday afternoon.

"At 11:45 yesterday morning there arrived in the city the members who had been in session at Paducah. There were in the party President W. I. Thompson, Gus Singleton of Paducah, and W. H. Hancock of Hopkinsville.

"The Cairo meeting was called to order at 1:30 yesterday by temporary Chairman Goshell, of Vincennes, and adjourned upon motion made by Cairo, until 3:30, the latter stating that it understood that several of the league members were in the city coming down from Paducah, and the secretary was instructed to notify them that an adjourned regular meeting would reconvene at the time stated above and their presence was requested.

"The first order of business was the assembling of the board of directors, composed of Paducah, Clarksville and Vincennes. They canvassed the returns and framed up a report to be submitted to the league. This meeting occupied the time up to six o'clock.

"At 7:30 the league as a whole met to receive the report of the board of directors. Nothing resulted from the meeting in regard to awarding the pennant, notwithstanding the fact that something over three hours was consumed. The reason for this was due to the fact that Hancock, who represented Hopkinsville, Clarksville and Henderson, seemed disposed to give Cairo the worst of it at every stage, voting his three votes solidly against her in violation of the constitution, and even admitting when accused by Mr. W. P. Greaney, secretary of the local that he would spend \$500 to beat Cairo out of the pennant. Cairo even stood for this, knowing that no honor would attach to any pennant that Paducah could win on votes obtained in such a manner.

"The climax came when Mr. Hancock made a motion that the two games won by Cairo from Vincennes, in which Minor and Cross, two suspended Central league players, participated, be thrown out.

"Cairo was perfectly willing that all of the four games in which Minor and Cross had participated should be thrown out, but Mr. Hancock in his motion which carried by his three votes and Cairo voting with him, wanted to change his motion when he found out that Cairo had only won one of these games desired to throw out that one and count the game won by Vincennes, in which one of these players participated. Cairo protested, stating that it had acted in good faith in the employment of Minor and Cross, having been informed that they were eligible, and it was not until last Thursday that they were officially informed that the players had been suspended and were still operative, consequently all four of the games in which

these players participated (two of which were won by Cairo and two of which were lost) should be thrown out entirely.

"To this Mr. Hancock, with the three votes and the willingness to spend \$500 to defeat Cairo, would not consent.

"Cairo thereupon made the proposition to submit the entire matter, which included the records and a copy of the constitution, to Secretary Farrell of the National association for his decision. To this Mr. Hancock, with the three votes, would not agree, saying that Farrell was crooked. A proposition was then made to leave the question to either President Pulliam of the National league, or President Johnson of the American league, or President Grillo of the American association for adjustment. To this the man from the 'bug-house burg,' 'would be secretary and willing for the world to know that he had said that he 'WOULD SPEND FIVE HUNDRED DOLLARS TO BEAT CAIRO OUT OF THE PENNANT' failed to agree also.

"This settled the meeting, Vincennes making a motion to adjourn and the secretary picking up the records and walking out.

"The meeting was undoubtedly one of the hottest ever held in Cairo. On several occasions the Cairo representatives and the Honorable W. H. Hancock, of Hopkinsville, Henderson and Clarksville, were on the verge of blows. The matter of the pennant is still undecided and will probably remain so, as Cairo is disgusted with the unsportsmanlike dealings of some of the towns in the league in view of the way they have attempted to bag the pennant for Paducah."

Following is the K. I. T. league reserve list as promulgated by Secretary M. J. Farnbaker:

Cairo—Louis Rutledge, Percy Wilder, Louis Waggoner, George Bittroff, Pearl Holycross, James Hughes, James Harvey, C. M. Haas, Joseph Schwab, Andrew Larsen, Thomas Richards, D. J. Connors, James Cragle.

Clarksville—Andrew Pettit, S. W. Reiney, J. D. Jeffries, C. A. Piepho, Henry Weakley, Collis Spencer, Ewing Harris, Henry Harris, S. S. Anderson, R. J. Blackburn, Dolly Starks, D. J. Willis.

Hopkinsville—Charles Bomar, J. W. Moore, R. A. Pettifer, H. Alexander, Jack Ferrell, Robert Barlow, Angelo Marre, H. Myers, Frank Brady, Forest Smith, John C. Collins, Phil Ketter, Al Maender. Reserved suspended players—W. F. Rogers, C. H. Lynskey, Harley Hadden, William Ramberger, Barton Jones.

Paducah—Sherman Bristow, G. O. Land, Frank Potts, Bud Lally, Fred Bateman, Charles McGill, Louis Brakke, J. C. Freeman, Ed Powers, Gus Bonno, George Brady, W. A. Harley, Frank Girard, Louis C. Doll.

Vincennes—Lee Lemon, Luke Duffy, Howard Gwyn, Fred Schmeltz, Eddie Kolb, James Whitley, John Bierkorette, Mark Clayto, George Wilkinson, Eddie Hugg.

Peck, "Red" Butler of Cairo, 1902, Jackson 1903, and Clarksville the past season, is now playing in the outer garden for Memphis. According to the Memphis papers Peck won the pennant the other day by a timely hit and later by a throw to the plate from deep field nailing a runner who would have tied the score.

Mr. Carmel, Ill., claims to have broken all baseball records last week. The Mt. Carmel club played the Creek Indians, and the first day, after ten innings of strenuous playing, the game was continued on account of darkness with the score 2 to 2. Thursday the score was 2 to 2, thirteen innings, also called on account of darkness, and Friday the wind-up came when the Mt. Carmel boys won by a score of 2 to 1, thirty-two innings having been necessary to do it. They claim that it breaks all baseball records.

## PARKER'S LETTER.

Those who were disappointed by Judge Parker's silence, his meteoric message to the democratic convention pledging himself to the gold standard after the party had gone too far to repudiate him without humiliating itself, and his subsequent tame, crude and illogical address accepting the democratic nomination, have no reason to feel encouraged over his formal letter of acceptance. This letter is not as long as President Roosevelt's letter of acceptance, but it could be boiled down by any copy reader on most any newspaper to half its length without detracting a jot or tittle from its value as a political or literary document.

To express it in a few words, there is little to it. It deals mostly in generalities. It expounds ponderous philosophy and doctrines that have been familiar many years, and the truth of some of which no one will deny or has ever attempted to deny, but he fails utterly to apply them to the present issues, or show that anyone has denied them or acted contrary to them. For instance, take his chapter on "imperialism." No one, after reading about "retaining our liberties and constitutional rights unimpaired," permitting an "arrogation of unconstitutional powers by the executive," etc., can tell what he's driving at. It would have been much more effective had Judge Parker in a few words pointed out an instance or two of where anyone's liberties were being impaired, where constitutional rights were being trampled on, or even to have given a definition of imperialism itself, as meant by the democrats. The reason he didn't is because he couldn't. There is no such thing as imperialism under our government,—but the democrats have to have something to rattle, even though it be only a few dry bones.

Judge Parker handles the tariff question gently, and after expatiating at some length he presents a fairly good rehash of the democratic conception of the tariff, but never once advocates free trade; he suggests only a "revision," or "reform."

He then, possibly to reassure the manufacturers of this country, shows the futility of doing even what he advocates for the tariff by these words:

"It is true that the republicans, who do not admit in their platform that the Dingley tariff needs the slightest alteration, are likely to retain a majority of

the federal senate throughout the next presidential term, and could, therefore, if they chose, block every attempt at legislative relief."

The "trusts" are handled with care. He says "monopolies" can be suppressed by the statute and common law, which may be true enough. But there are no monopolies, in the strict sense of the word. As is well known to all who have studied the question, the colossal enterprises known as "trusts" and "monopolies" cannot be dissolved because they have been organized in accordance with the laws of our land. The statute law or common law might easily be applied against monopolies, but Judge Parker fails to point out where there are any monopolies.

The same sort of evasion permeates through the entire letter. Judge Parker does not appear to approve of the manner in which the United States acquired the canal rights, but he nevertheless says:

"The Panama route having been selected, the building of the canal should be pressed to completion with all reasonable expedition."

Yet he does not say it would be done if he were president. And so the letter runs. It bears every mark and evidence of being written in a spirit of fear and trembling. It is a cautious, vacillating, commonplace, uncertain effort, and must be a disappointment to intelligent, thinking democrats.

He puts these questions in conclusion:

"Shall economy of administration be demanded or shall extravagance be encouraged?"

"Shall the wrongdoer be brought to bay by the people, or must justice wait upon political oligarchy?"

"Shall our government stand for equal opportunity or for special privilege?"

"Shall it remain a government of law or become one of individual caprice?"

"Shall we cling to the rule of the people, or shall we embrace beneficent despotism?"

The answer is easy. We shall continue to have the best government in existence—an administration of economy, one that stands for equal rights, one of law, and one of rule by the people, through the republican party.

And if the democrats continue to put up the same kind of material they have put up this time, and have been putting up for several years past, it will be a long time before the people will want a change.

Republican convictions are based on experience in handling national issues. The Democratic convictions are improvised for the occasion and subject to change at every election.

The Democrats give us no hint of whether they would continue work on the Panama canal or suspend it.

A party fit to govern must have convictions and the courage to maintain them.

There is no past tense in the Democratic grammar.

## ROOSEVELT IS STRENUOUS.

Strenuous? Yes, a man who was a member of the assembly of the state of New York; who was twice re-elected; who was easily one of the leaders on the floor and in the councils of his party in that practical and hard-working body; who was the candidate for speaker of a strong minority in that assembly; who was a delegate to the state and national conventions; who is the author of standard historical works, and a candidate for mayor of the greatest city in the New World, all before the age of thirty; who was governor of the Empire state at forty, vice president at 43, and president of the United States at forty-four, is strenuous, but that is by no means all. A man who can in twenty years make such an impression on his fellow citizens is a man of parts. There is no record like it in this country of young men.

When a policeman hears a woman scream after dark, he doesn't know whether she is being kissed or only assassinated.

## EVIDENCE HEARD BY JUDGE SANDERS

The Testimony Showed Sunday Hours Were For Charity.

Mayor Yeiser Says Had He Known Facts the Police Should Not Have Sought Actors.

## DECISION BY SATURDAY

The star case before Police Judge D. L. Sanders this morning was that against Mr. James E. English, manager of the Kentucky Theatre, for giving a show both afternoon and night at his playhouse Sunday.

Judge Sanders heard all evidence in the case and after reading the statutes aloud and passing briefly on the evidence in the case, stated he would reach a decision and render it Saturday morning.

The evidence in the case shows clearly and without a doubt that no proceeds of the shows went to Mr. Louis Friant, the ex-policeman, and Chief Collins says Mr. Friant's appreciation and gratitude for the money was sufficient to put gladness into the hearts of anyone fortunate enough to have been able to do so much good in a worthy cause.

The evidence showed that Rev. G. W. Perryman telephoned Mayor D. A. Yeiser Sunday that Mr. English would give two shows and that he thought this was against the law and the matter should be nipped in the bud by the officials stopping the performances. Mayor Yeiser assured the minister that he would do all he could to remedy the matter. Mayor Yeiser notified Chief Collins to procure warrants if the shows were given, this being the regular procedure, and Chief Collins notified Mr. English accordingly. Mr. English stated he was giving the show for charity and would not stop. Chief Collins then sent Officer T. J. Moore to the playhouse in strict order to take names of those attending that evidence be complete, and Mr. English called the officer into the box office and had him check every ticket sold, and at the close of the shows checked up with the manager of the show and with himself, to see that the show people or theater company got nothing.

Officer Moore testified that over the actual running expenses of the house, every cent was sealed in an envelope and turned over to Captain Joe Woods and locked up at the city hall. Yesterday afternoon Chief Collins took the envelope which had never been opened, to Mr. Friant and gave it to the ex-officer.

Mr. English testified that neither the show company nor himself got a cent and the evidence clearly showed that the suspicions that the claim of charity was a "blind," were unfounded.

Judge Sanders at the close of the testimony stated that he would wait until Saturday before rendering a decision.

Chief Collins stated that since the matter was brought into court, many telephone messages had been received at the hall from both men and women expressing regret that any interference had been attempted.

Mayor Yeiser did not know until this morning that the warrant issued in Justice Young's court was made returnable to a constable or sheriff, and stated he had known this he would not have let his police attempt to serve it. It seems that the sheriff or constable could not be found and a minister telephone to Mayor Yeiser and asked that he instruct his police to serve them. Mayor

Yeiser thought the warrant regularly drawn and gave the orders. "I think," Mayor Yeiser stated this morning that we would have had several serious language suits on our hands had the policemen arrested any one of the show people and held them over until next day, as I really don't believe the law will hold Manager English responsible as the shows were given for charity and this was so clearly proven in court this morning."

STATEMENT FROM MR. ENGLISH.  
To the Honorable Mayor, and the Citizens of Paducah:

I regret exceedingly to note the feelings of the respective churches, regarding that exists among the representatives of the performance at the Kentucky Theatre, last Sunday, and wish to say in my defense, that same was given solely for the benefit of Policeman Friant, and as I received no monetary consideration therefrom, and as the performance was given for a worthy and charitable cause, I thought no objection would be raised concerning same.

However, I wish to state that, in order to allay any feeling in this matter I will not allow any Sunday performances in the Kentucky Theatre in the future.

Trusting the above may prove satisfactory, and regretting the circumstances, I remain, Very respectfully,  
J. E. ENGLISH.

## PRETTY GIRLS

A HOST OF THEM CAME IN TODAY.

"The Tenderfoot" Company arrived his morning from Cairo, and occupied four coaches. It is one of the largest companies ever here, and the chorus girls are unusually fine looking. Richard Carle, who is the principal in the musical comedy, is one of the most celebrated comedians on the stage, and the house tonight will be large.

Today's Cairo Bulletin says of the performance last night:

"The Tenderfoot," as presented at the Cairo opera house last night by the original Tenderfoot Company, was one of the best comic operas that it has been the pleasure of a Cairo audience to witness. While the house was one that might be called large, there were a few vacant seats, although the Tenderfoot deserved a capacity audience.

Mr. Richard Carle, in the leading role, was excellent. His type of humor is an entirely new one, but nevertheless most effective. His droll manner and speech, and his witty lines provoked laughter and frequent applause. All of the leading characters were well taken and the chorus was exceedingly strong and well trained, besides being one of the prettiest that has ever been in the Cairo opera house.

The cast was a large one and included over sixty people in all. The special scenery was a feature of the performance. The Tenderfoot gave entire satisfaction and Manager Williamson is being complimented upon securing such an excellent attraction for Cairo theater goers.

The fascinating thing about a widow is that the more she knows the less she gets on.

Officer Aaron Hurley went down this morning to appear as a witness in a case.

## NEW THEATER

## MANAGER ENGLISH GOES TO HENDERSON TOMORROW.

Manager J. E. English leaves tomorrow for Henderson, to look after his new theater there. He hopes to open it in about two weeks, and the opening bill will be "A Bunch of Keys." Tomorrow he will take with him Stage Manager Will Malone, of the Kentucky, to look over the new theater's stage and ascertain if everything is arranged.

Manager J. E. English will probably have a new theater at Morganfield, Ky., named for him. In a few days a new theater there is to be named, and the owners, recognizing Manager English's enterprise and rapidly growing prestige in the theatrical world, have the name of "The English" under advisement.

## TO HAVE A WATCHMAN.

It has been decided that an additional watchman be placed at the market house when Contractor Katterjohn tears the building away enough to expose the interior. The police are afraid that the benches, tools, etc., of the butchers will be stolen and Deputy City Jailer Ashby will probably be given the job. Mr. Ashby has resigned as city jailer on account of Jailer Tom Evitte deciding to curtail expenses and do the work himself.

## PLAIN TALK

## FOOD FOR THOUGHT THERE, TOO.

"Having found out for myself the food that enables me to get the most pleasure out of life I consider it a duty to tell someone else my experience," says a Massachusetts woman.  
"Born with a weak and sensitive stomach I suffered long with indigestion and the many ills arising from it, general constipation, weakness of the bowels together with catarrhal inflammation and rheumatism of every form and fashion with a tremendous amount of suffering. I had what is known as deposits of brick dust and uric acid, with almost every other impurity of the blood which such a condition can produce.

"Coming to the conclusion that I must eat to live and not live to eat I began looking about to find the best way and among the many foods tested was Grape-Nuts. I did not use it as a general food or exclusively but simply ate it once a day either at morning or night on an empty stomach and softened in warm cream or milk with a little sugar, bread or butter or cooked or raw fruit. Up to this time I had tried every known remedy for constipation and had to rely on the medicines, although I continually got worse instead of better; within a short time the Grape-Nuts food which always digested, had toned up my whole system and digestive organs in particular until every bit of constipation and bowel trouble disappeared and I bade good-bye to all the cathartics.

"Now after using Grape-Nuts two years I still think it delicious. My rheumatism is all gone, also the constipation, something I had never even hoped for, never have a headache nowadays, my eyesight and hearing are excellent for one of my age but had given me much trouble while I suffered from constipation. I am now past 80 years of age but walk out and enjoy it. Feel strong and well and I know the Grape-Nuts has given added vigor to my brain, too. It would be very gratifying to me to know that my letter had helped show others the way to a proper diet that has cured my stomach and bowel trouble." Name given by Postum Co., Battle Creek, Mich.

## CALLED DOWN

## AMERICAN CONSULATE AT CARTHAGENA TWICE INSULTED

Colon, September 27.—The American Consulate at Carthage having been twice recently besmeared with filth, Rear Admiral Sigbee, with his flagship, the Newark, was ordered to proceed to Carthage and investigate the circumstances. The gunboat Newport joined the flagship on September 16. In a communication to the governor, Luis Patron, Admiral Sigbee says in part:

"I find your expressions of regret of indecency on behalf of yourself and your government satisfactory, but they have not been given sufficient publicity. I suggest additional precautions to prevent a recurrence of such incidents, and fuller publicity of the government's expressions of regret, in order to avoid a friendly visit assuming a more different feature."

Governor Patron complied by reiterating his regrets.

## THE ERUPTION

## HAS SOMEWHAT DECREASED, BUT IS STILL MOST IMPOSING.

Naples, September 27.—Eruption of Mt. Vesuvius continues, and although it is somewhat decreased, it is still most imposing. Its vividness has been augmented by the breaking away of the crust around the crater, which is being ejected, making it appear as if the whole mountain would be rent from top to bottom. The Funicular Railroad restaurant has been damaged by the flow of lava. On the Pompeii side the eruption is very threatening and a great quantity of ashes is being ejected.

## Y. M. C. A. NOTES.

The Y. M. C. A. men classes will open Monday and also will the junior classes be open. The secretary desires to let the parents know that no juniors will be permitted inside the building after 6 o'clock in the evening. This rule will hold the entire winter through after the classes have started.

## MURDER OR SUICIDE.

Beverly, Mass., Sept. 27.—The body of Miss Bessie Davis, 23 years old, who had been employed as governess at Beverly farms was found in the water of Lees Beach today. On the head were two ugly wounds. It is not known whether it was murder or suicide.

When it comes to calling people from their beds, the fire bell double discounts the church bell.

## Theatrical Notes

Mrs. Minnie Scofield, of Paducah, who has been training her voice at Chicago, under Signor Marescalchi, will this evening be one of the principal soloists at a big concert given at Steiway Hall at Chicago, by the signor. Mrs. Scofield's many friends and admirers in Paducah will be pleased to learn that she will return to the city in a few days and organize a vocal class.

No dramatic production of the American stage has ever been so much talked about and recommended by the clergy than Wilson Barrett's famous drama, "The Sign of the Cross," which will be seen here for the first time on Thursday night, September 29, at The Kentucky. Archbishop Kain, of St. Louis, in writing of this play said: "I am led to the conclusion that this is a theatrical performance which all may witness, not only with pleasure but also with profit."

Some idea of the humor of "The Tenderfoot" the big operatic comedy success in which Richard Carl will be seen at The Kentucky tonight may be gained from the central theme which throws Professor Zachary Pettibone, L.L.D., B. A., a down east pedagogue (with all the characteristics of one of his kind) among a crowd of range-s, Mexicans and denizens of the wild southwest, tethered as it were, on their native heath. One may easily imagine the tribulations of the professor, staid, and precise old tutor that he is and his flock of dainty college maidens with whom he is traveling in the picturesque country.

The chorus in "The Tenderfoot" is one of the features of the entertainment. It is a large, well trained and capable body and includes a large percentage of remarkably pretty young women.

RICHARD CARL

—IN—  
"THE TENDERFOOT"  
—TONIGHT—

"The Tenderfoot" arrived in the city this morning at 7:45 from Cairo, with sixty people, and two car loads of scenery. This well known organization has just finished a week's engagement at St. Louis, where they played to packed houses each night.

The sale of seats went on yesterday morning with a rash, and from present indications, there will be a packed house tonight.

## WENT TO 88.

Those who thought summer had deserted us were surprised yesterday to discover that it had come back for a return date. The maximum temperature was 88 in the shade, very summery weather, but it seemed much hotter than it really was on account of the cool weather that preceded it. Today it has been quite warm, but not as warm as yesterday.

### SEASON WANING.

Not Near So Many Vegetables As a Short Time Ago.

The summer vegetable season is fast waning, and what few varieties of garden products are now upon the market are almost luxuries. Display stands about the groceries that a week ago groined under the weight of good things from the gardens, now show scanty supplies, while a placard announces that they can be procured by the payment of a price that reminds one forcibly of the first-picked of the spring. Where could be found in plenty snap beans, tender onion sprouts, juicy radishes, beets, etc., are now displayed cornfield beans, turnips, sweet potatoes and Irish potatoes, cooking apples and such other vegetables and fruits as are matured and on which the vegetable season winds up its reign.

With the departure of the season of the more choice garden products, comes that of the more substantial things, and while there is a painful shortage of garden delicacies, there is a supply of the harder kinds for the winter. Cabbage, cauliflower, potatoes and corn and numerous other products of garden and field, and they are to be had at reasonable prices.

Dealers say the crop of vegetables this year was unusually large, and that the season was one of unusual profit, for the producer, notwithstanding the consumer secured them in season at low figures. The season was favorable for all kinds of truck patch growth. The later growth, from which the market is to be supplied during the fall and winter, is prolific, and indications are that prices for such as are marketed will remain in the bounds of reason.

### ANOTHER PLEA.

Is Made By An Army Officer for the Restoration of the Canteen.

Denver, Colo., Sept. 2.—Brig. Gen. Frank D. Baldwin, commanding the Department of Colorado, has forwarded his annual report to the secretary of war. The report says that saloons and questionable resorts near the barracks are responsible for the large number of desertions from the regular army in the Department of Colorado. The total desertion during the year closing August 15 were 383. The report says:

"These desertions can be in large part attributed to the malign influences of saloons and brothels situated near the barracks, seducing enlisted men from the paths of decency. This is only another of the many arguments in favor of restoring the army canteen, which provides places of amusements and social intercourse where men could get light refreshments under restraining, decent and orderly influences."

"I trust that the sale of beer and light wines, under proper restrictions, may be again authorized in the post exchanges. If men are unable to get a glass of beer in a decent manner in the garrison, they will resort to the brothels, which cluster around the reservations, where they drink all manner of alcoholic beverages and often sink into debauchery and ruin."

### SPRAINS.

S. A. Read, Cisco, Texas, writes, March 11th, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to any one suffering from sprains." 25c, 50c, \$1.00. Sold by DuBois, Kolb & Co.

You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. ### INDUSTRY AT PANAMA.

United States Company Prepares to Set Sail for South.

New Orleans, La., Sept. 26.—Dr. C. F. Caracristi, who has been here for the last year working on the organization of the United States and Columbia company and the Panama Construction company, announces that his expedition to Colombia will sail from here Friday on the United Fruit company's steamer Ellis. Several geologists and their scientific men will go on the expedition, and a thorough examination of the oil and other mineral wealth of Colombia will be made.

It was Dr. Caracristi's intention to charter a special steamer to take out the expedition, but through his inability to hire a steamer he will take out the expedition on a regular liner. A cabin sleep will be taken along for the navigation of the interior waterways. Dr. Caracristi says that all necessary provisions have been bought and everything is in readiness for the expedition to leave on Friday.

Several prominent New Orleans business men are associated with him in the venture, including John Machen, who is president of the company; Andrew R. Blakely and E. C. Fenner, Richard H. Edmonds, president of the Manufacturers' Record of Baltimore, and several other prominent outside people are also identified with the project.

The United States and Columbia company intends to develop large tracts of coal and oil lands in Colombia, as well as mines of precious metal. The development of the coal mines will provide fuel for the Panama canal work without the necessity of transporting it a great distance.

The Panama construction company is separate and distinct from the United States and Columbia company, and will be devoted mainly to engineering construction, as its name implies.

Dr. Caracristi spent several years in Colombia, and few men in America are more thoroughly familiar with the country. He expects the expedition to be gone about two months, and during that time a thorough survey of the mineral fields will be made.

### CLOSE CALL

The flames spread to the ceiling but Mrs. Vance with presence of mind, secured some comforts and smothered the flames. The top of the bed was burned and Mrs. Vance had her hands scorched but not seriously burned. The blaze narrowly missed setting the house afire.

Mr. Walter Pryor, a car repairer employed in the local Illinois Central shops, was injured yesterday afternoon while driving a bolt into a car. He missed the bolt and struck the middle finger of his left hand, mashing the member badly. The injury was dressed at the I. C. hospital and Pryor will be off duty for several days.

# Hearts Courageous

HALLIE

RIVES

Copyright, 1902, by THE BOWEN-MERRILL COMPANY

As for the present master of Westover, much to the irritation, he cared little more for sight of St. James than for the heaped up manuscripts in the garret. He contented himself with sitting in the council chamber at Westover, when his gait left him.

Now Mrs. Byrd, consciously impressive, leaned against the white paneling in a posture which showed her plump figure to advantage.

"This high time," she was saying, settling the yellow point de venise at her throat, "that Francis be spoken to about it. (Come in, Anne.)"

The colonel, bowing as gallantly to Anne as his gait left him, dropped on a chair would permit, shifted his powdered wig in some discomfort.

"Frank will get no harm from Patrick Henry," he said. "He is too sensible."

"Mayhap you call it no harm, sir," persisted Mrs. Byrd, "to see your son—your son, a member of the council—hobnobbing with that shiftless wretch. Sooth, then, I do! The main bug of the tavern are his betters. (No, don't go, Anne.) Francis is daft about him, sir. And the boy's royal commission just come. Oh, 'tis too bad!"

Colonel Byrd straightened his ruffles carefully.

"You go to the ball, of course, Anne?" he asked.

But his wife was not to be shut off. "Small preference," the lady went on, "will Francis get from Lord Dunmore if he continues. The governor keeps himself informed. Every one knows that Patrick Henry is the very front of all these rebel doings. (Yes, you need give me no look, Anne. 'Tis the wad I meant to use. Rebel doings! Rebel doings!) And for my son—a willing—to—"

"Zounds! Your son is a Byrd, ma'am! This from the colonel."

"For my son to associate with a low country demagogue, half the time dressed in buckskins like that shabby burgess from Louisiana county you brought to dinner last week, and to go to his crazy meetings at the Raleigh. I thought his stay abroad would have weaned Frank of that. That and the commission. But, no! He comes home talking the gibberish of that meanly mouthed Charles Fox that he learned in his dreadful London club. I look yet to see him put off his king's uniform and disgrace us all."

"Tislaw!" said Colonel Byrd, nevertheless unseemly. "Frank's all right. The young blade will take to the army like a duck to water. Zooks! There is no harm in the Apollo room. Jefferson is steady enough, and he is ever there."

"Tom Jefferson!" ejaculated the lady. "Think you he is much better? A free thinker! He and Henry are rich and toils. La! A squeak of a fiddle, and both of them will dance. Jefferson used to be gay enough with it at Governor Fancher's muskings. Every body knows he spends half his time when he is in Williamsburg at the rooms of that papist actor Alberti, and so does Henry. I marvel if Francis does not know him too."

The colonel sighed. If the truth must be told, the same uneasiness was in his soul. But, being masculine, he did not admit it to his wife.

"I'll lay a crown you'll dance with Master Henry tomorrow night, Anne," volunteered Betsy wickedly.

Anne was looking through the large window, washed with crystal glass, and there were little blue sparks snapping in her eyes. She made no reply, but under her skirt edge her red slipper, like a burnished tongue, went tapping the polished floor.

"I should think, Anne," remarked Mrs. Byrd, with acidity, "tossing with a rose jar from which the Duke of Cumberland had once plucked a bud, that you would have more regard for your bringing up. I never had to be reminded of mine."

Mrs. Byrd never looked younger or more handsome than when remembering this. In her soul the soothing and ever present consciousness of being born a Willing of Philadelphia was emboldened like a fly in amber. If she could have had her way she would have had the master of Westover dining at 4, like the Cadwaladers and Shippens and the rest of the Church of England set there.

"A Tillotson," she continued rapidly, "dancing at the bourgeois' ball with the husband of a tavern girl!"

Anne turned, her eyes glowing the color of burning brandy.

"And why not?" she cried. "Why not? Mr. Henry is a burgess of Virginia!"

"Aye, a burgess—from the woods! A lick dish for the country votes?"

"Molly!" Her husband's tone was gathering remonstrance.

"He is a gentleman!" Anne dared, with wrath dark eyes. "A courteous, honorable gentleman! And he has more in his head than any four of them together."

"Highty tighty!" exclaimed Mrs. Byrd. "More rebellion, you mean! I should think so!"

Looking, Betsy felt a strange wonder. She did not always understand the other. "Why like you Master Henry as you do, Anne?" she asked curiously.

"Because," cried Anne hotly, "he is a

man—a man—not a gallant! He has something more to do than the wits of the Raleigh tavern or the Jimmy Jessams of the assemblies. He knows no fine speeches. He spends no hours

Anne blazed the younger one.

twirling a love-lock nor feather biting over doctored sonnets, nor petting his ruffles, nor dicing in the Apollo room. Oh, I grow sick of the macarons and their silken compliments and dress swords, all as nice as nanny hens. And the verses they write in the Gazette! 'Tis awfully! What do they do? What do they know? The breed of a bird. The latest fashion of pincheek school-bucks from Annapolis."

Mrs. Byrd sniffed.

"A city he married the tavern keeper's daughter!" she said. "You might have had him and his buckskin breeches!"

Betsy laughed at this. "Bless me!" she sighed. "What a blow that had been for Captain-Jarvis! Then, repenting, she ran after Anne as she swept grandly out and threw an arm around her neck."

"Don't be angry, dear," she said. "An you are, I shall feel all to blame!" Paulina was still at the gate.

"Haste!" she called under her breath. "Here comes Mr. Jefferson."

"Lack!" said Betsy. "Speak of the devil—I mean—there is Mr. Henry with him."

"I marvel Mr. Jefferson likes him!" quoth Anne, a gentle sarcasm ruffling her anger.

Mistress Byrd did not note the tone. "Aye," she responded, "so do I. He has a tongue, though. Father says it has made more trouble for the colony than all the exclusion acts put together. He looks a very uncouth creature," she added. "See that moth eaten hunting cap and those horrid leather clothes!"

This was in a low tone, for the approaching men were come within earshot and were even then doffing head-gear to them.

## HOUSES OF CONSUMPTIVES MUST BE THOROUGHLY FUMIGATED

Fumigation of houses in which deaths from consumption have occurred will be required by a new ordinance being prepared by Dr. M. K. Allen, health officer at Louisville, and it will be stringent in its regulations, treating consumption as being as contagious as smallpox. The reason for the new ordinance is that consumption is known to have been contracted from germs left in rented houses by former occupants, and it is predicted that ordinances similar to Louisville's will be adopted in many places.

The ordinance will require that when a death from consumption has taken place in any house it shall be fumigated thoroughly with formaldehyde gas by experienced men, who are under the direction of the health officer. In this way all germs will be killed and the danger of contagion reduced if not eliminated. Under the present law a house in which a case of smallpox has been treated must be fumigated, and the new ordinance will put consumption on the same plane.

Dr. Allen says in his annual report: "It is still the experience of this department that no other agent or means for the disinfection of houses after the presence of contagious or infectious diseases is equal to the use of formaldehyde gas."

"While we have extended the disinfection service, yet we by no means

accomplish all that should be done in this direction. We now fumigate all houses where smallpox has occurred and frequently houses that have been infected by the presence of diphtheria or scarlet fever."

"I maintain that houses where consumption, erysipelas and like diseases have existed should be thoroughly fumigated by inspectors trained in the work. We can hardly hope to do this work as generally as should be done, for the reason that the working force of this department is not yet equal to this necessity. Persons renting dwelling houses should know whether there has previously existed a contagious or infectious disease in the house proposed to be rented, during several months previous, and if such diseases as consumption, for instance, are found to have existed, they should require a thorough fumigation with formaldehyde gas previous to occupancy."

"When a person rents a house he has no idea, usually, who lived in it before and he does not know what kind of disease the occupants had. I have known of cases in which a family moved into a house in which had lived a person affected with consumption and the disease germs were left there for the new occupants. Consumption was contracted and death resulted. Fumigation would have relieved all this, and I will ask the general council to pass an ordinance requiring the fumigation."

## FOR LIMITED PERIODS

IS THE WAY THEY MARRY IN FUTURE YEARS.

London, September 27.—A silly season newspaper discussion of the marriage question has provoked a remarkable statement of opinion from the novelist, George Meredith who in an interview in the Daily Mail, welcomes free discussion of the subject, though, as he confesses, "everything that ought to be said has to be cut in half." He predicts a change in the legal conditions of marriage and forebodes a state of society permitting marriages for certain periods, the state enforcing a provision of money during that period to provide for and educate children, the government possibly taking charge of this fund. Mr. Meredith says:

"There will be a devil of an uproar before such a change can be made. It will be a great shock, but look back and see what shocks there have been and what changes have occurred in the marriage business in the past."

Mr. Meredith foresees great difficulty in English conservatism, notably revealed in criticism of America, "indicating the Englishman's persistency in regarding any new trait as a sign of disease."

"Yet," he says, "it is a sign of health, and I am very glad if any words of mine can help air the subject."

**ABSCESSES.**

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

ABSCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc.

## GUNBOAT'S SPONSOR HAS BEEN CHOSEN

Miss Annie May Yeiser to Represent Paducah.

The Committee Appointed Yesterday Unanimously Selected Her For the Honor.

CHOICE IS APPROVED BY ALL

The question who will christen the gunboat Paducah when the craft is launched at Morris Heights, New York City, October 10th, or 11th, has been settled. It will be Miss Annie May Yeiser, Mayor D. A. Yeiser's eldest daughter.

The selection was made by the committee appointed by the mayor to recommend some person to do the honors on behalf of Paducah.

Mayor Yeiser yesterday afternoon, as told in the Sun, appointed this committee as follows: Messrs. D. H. Hughes, E. P. Noble, A. W. Greif and Charles F. Rieke. He addressed to them the following letter:

Paducah, Ky., Sept. 26, 1904.

Messrs. E. P. Noble, A. W. Greif, Charles Rieke and Henry Hughes:

Gentlemen:—The secretary of the navy has written me requesting that I name some one to act as sponsor in christening the new naval vessel Paducah which is to be launched early in October. In compliance with that request I have selected you gentlemen as a committee and request you to designate some young lady for this honor at your earliest convenience.

(Signed.) D. A. YEISER, Mayor.

The committee held a meeting at the Rieke wholesale house late yesterday afternoon and immediately and unanimously selected Miss Annie May Yeiser, reporting back to the mayor as follows: "To the Hon. D. A. Yeiser, Mayor.

Dear Sir:—In compliance with your request that we, as a committee, designate for your appointment a representative of the city to act as sponsor for the U. S. gunboat Paducah to be launched early in October, beg to state that by unanimous choice it is our pleasure to present the name of Miss Annie May Yeiser, a most fitting representative, and whose appointment will be eminently satisfactory to all of our citizens.

(Signed.) D. H. HUGHES,  
A. W. GREIF,  
E. P. NOBLE,  
CHAS. F. RIEKE."

Miss Yeiser will accept, and leave in time to christen the gunboat when it is learned what the date will be. She is one of the most attractive young ladies in Paducah society, and needless to say will capably and creditably represent Paducah on this important occasion. It had been the general opinion all along that Miss Yeiser would be the sponsor, and should be, and her appointment meets with general approval, as well as settles the question in a manner satisfactory to all.

Miss Yeiser has not yet accepted but will do so. It is not yet certain who will accompany her to New York, but it will likely either be Mayor Yeiser himself or her uncle, Mr. Henry Yeiser, of Cincinnati. It is possible the mayor himself will make the trip.

### NOTICE.

Paducah Commandery, No. 11, will meet this evening at 8 o'clock in stated convocation. Business of importance will come before the commandery. All Sir Knights are requested to attend. By order of I. O. WALKER, Eminent Commander.

CHARLES HOLLIDAY, Recorder.

### WILL RETURN HERE.

## BRIGHT'S DISEASE AND DIABETES!

Have their origin in an Inactive or Disordered Liver. The most stealthy and fatal diseases confronting medical science, claiming more victims, annually, than war and famine combined. A puffiness under the eyes, paleness and scanty or too copious urine mark the beginning of Bright's Disease. When the liver is diseased, the kidneys in their effort to perform double work become affected. A simple "liver regulator" will not cure Kidney disease, for although it corrects the first cause, the Kidneys are still affected. A Kidney remedy will not do it, because the source of the disease is not reached. A cure is a remedy combining both, and

because it removes the cause and at the same time cures the Kidneys. It is the only preparation now on the market that actually cures. Weakness in the small of the back, pains in loins and groins, numbness of the thighs, high colored or scalding urine, milky or bloody urine, frequent desire to urinate, nausea, vomiting, colic, constipation, hot and cold flashes, furred or unnaturally red tongue. These are the symptoms of diseased Kidneys—don't neglect them.

## PENNANT AWARDED TO PADUCAH CLUB

League Business Was Transacted Here Today.

Mr. Hancock Tells What Was the Matter With Cairo Yesterday.

### FUTURE STEPS ARE UNCERTAIN

President Irvin Thompson and Mr. W. H. Hancock, of the K. I. T. league, met this morning and completed the league business by awarding the pennant to Paducah.

Mr. Hancock made the following statement about the Cairo meeting: "We met in the Halliday House and began our work of checking over Mr. Farnbaker's records and found that his records by summaries were incomplete, but he had a book in which he kept his games. Where no summaries were found he would refer to his book and say, 'so many games to Paducah,' and here it would have to stand, but even with this method his records showed Paducah the winner except by the throwing out of games the way he wanted them thrown."

"The meeting busted up over the Miner and Cross games. We decided that the two games Cairo won with these men playing would be counted no games, but the two games Vincennes won would be counted, and this is what Farnbaker quit the meeting for. Mr. Graney did not quit and stayed the meeting out. The reason the games won by Vincennes should count is by the rules concerning forfeit games. Cairo wanted them all thrown out. We held that the games won with these players should go to the opposing team but rather than cut Cairo's per cent. down this way, decided to call them no games, but it would be right to let it remain so when Vincennes won."

Messrs. Thompson and Hancock met here this morning and decided on how many games would be thrown out. The game Goodwin pitched for Paducah was thrown out and considered no game and the first game Long played in, the one protested regularly, was given to Clarksville. The four games Miner and Cross played in for Cairo were settled by giving Vincennes the two she won and calling the two Cairo won no games.

Mr. Hancock copied Sec. Farnbaker's records concerning Paducah and Cairo and has exactly what Farnbaker has. With the decision as to the games to be thrown out as above stated, Paducah gets the pennant by several points.

Mr. Hancock stated this morning that Manager Graney of Cairo wanted to move that the league give Paducah the pennant, but Farnbaker would not stand for it. Hancock said that Cairo evidently wanted to play the "baby act," and say that Cairo gave it to Paducah inasmuch as the latter was kicking up so much trouble over it.

This leaves the future of the league still in doubt. Sec. Farnbaker claims that nothing done except at Cairo will be legal, and that he will retain the funds of the league until regularly and legally relieved of them, which he says can only be done at a meeting held where he calls it, at Cairo.

It is practically certain that what was done here today will not be recognized by the secretary as legal, and what will subsequently be done is at present uncertain.

Mr. Hancock gives the final percentage of the clubs, as figured out today, as follows:

	Won.	Lost.
Paducah	72	48
Cairo	70	48
Clarksville	63	57
Henderson	53	67
Hopkinsville	53	68
Vincennes	52	67

One Henderson-Vincennes game was thrown out, as it was not scheduled.

### HELD AND GAVE BOND.

W. T. McAdoo, of Fulton, charged with selling beerine, was brought to the city today by Deputy U. S. Marshal G. W. Saunders, tried for violation of the revenue laws by U. S. Commissioner W. A. Gardner and held to the November federal grand jury. He gave bond and was promptly released. His arrest was the result of the crusade at Fulton against selling the so-called non-intoxicating liquors.
